THE MAGAZINE OF FLORIDA BUSINESS

Welcome!

**Florida
Trend**
www.FloridaTrend.com

Welcome to the 2017 edition of FLORIDA TREND's *Book of Lists*, a compendium of the largest companies in the state.

FLORIDA TREND magazine is celebrating its 58th year in business, and throughout that time the magazine has provided both insight and sales leads to executive readers in every corner of the state. Just how many corners does Florida contain?

Well, Florida is a large and diverse place ranging some 835 miles in driving distance from Key West in the far south to Pensacola in the northwest region. The population today has hit 20 million and we foresee another quarter million each year.

So it's hard to know everyone and everywhere. That's where FLORIDA TREND's *Book of Lists* comes into play, because facts and data drive business success just as much as insight and intuition.

We have gathered together the many lists published throughout the year—from top public companies and private companies to the accountants and lawyers that serve them. We have key locations such as airports and seaports. We list the hospitals and colleges and utilities. And of course we list the banking institutions that provide the financing to keep business rolling.

You will note that these top companies don't come from just one city or region but in fact exist across the geography.

Please let me know any other listings we can provide to ensure your success. Then please use the *Book of Lists* along with the regular monthly issues of FLORIDA TREND to stay in touch with the growth and diversity of Florida.

With best regards,
— Andy Corty

THE MAGAZINE OF FLORIDA BUSINESS

The 100 companies that made the cut in our eighth annual Best Companies to Work For rankings

THE LIST

To identify Florida's best employers, FLORIDA TREND partnered with the Best Companies Group, which surveyed firms that chose to participate. Any firm with at least 15 employees in Florida, including firms based outside the state, could participate at no cost.

The first part of the survey involved a questionnaire about company policies, practices and demographics. The second part went to a randomly selected group of each firm's employees, who responded - anonymously - to 72 statements on a five-point agreement scale.

The survey also included two open-ended questions and seven demographic questions. The questions focused on eight themes: Leadership and planning; corporate culture and communications; role satisfaction; work environment; relationship with supervisor; training and development; pay and benefits; and overall engagement.

Firms were divided into three groups - large companies of 250 or more U.S. employees, mid-sized companies of 50 to 249 U.S. employees and small companies of fewer than 50 U.S. workers.

Contract employees were not included in employee surveys and not added to employee counts.

Published in the July 2016 issue of Florida Trend. To qualify for consideration for the Florida Trend Public 125 list, a company must be headquartered in Florida, have its stock publicly traded on a major exchange (NYSE, NYSE MKT, NASDAQ or OTC), and file regular financial reports with the U.S. Securities and Exchange Commission. NR = not ranked; NA = not available or not applicable; NC = no change. *Subsidiaries are eligible provided they are headquartered in Florida and have their own CEO/President. Banks' revenue is the sum of interest income plus non-interest income. Research by Vanessa Caceres. ©Copyright 2016 Trend Magazines Inc.

Published in the July 2016 issue of Florida Trend. To qualify for consideration for the Florida Trend Private 225 list, a company must be headquartered in Florida and privately held. Subsidiaries are eligible provided they are headquartered in FL and have their own CEO/President. NR = not ranked; NC = no change. Ties are sorted alphabetically. Those that did not respond with complete information or in a timely manner were either not included or estimated. Research by Vanessa Caceres. ©Copyright 2016 Trend Magazines Inc.
